More Information

West Lulworth House:

Situated just 200 yards from the sea, West Lulworth House is situated in an elevated location overlooking Lulworth Cove. This iconic location on Dorset's Jurassic Coast is popular with walkers, bird watchers and fossil hunters.

West Lulworth House was built in 1881 by Sir Richard Howard, then the Mayor of Weymouth, who also owned a paddle steamer that sailed to Yarmouth on the Isle of Wight.

Purchased by HF Holidays in 2013 and fully refurbished in 2015, the house has 23 bedrooms, many with views down to the sea. There is a new lounge and dining room, sunny south facing garden, an outdoor swimming pool and free parking for guests in the public car park opposite the house. Like all our Country Houses, it is tailored for walkers and outdoor enthusiasts with boot room, drying room, Discovery Point, and sociable bar.
